ICS 3718-88
9 March 1988

25X1

MEMORANDUM FOR: Chairman, SAMWG
Chairman, JAEIC
Chairman, MASINT Committee

FROM: Director, Requirements and Evaluation Office
Intelligence Community Staff

SUBJECT: Initial Meeting of Steering Group for Study on
US Capabilities to Monitor Nuclear Tests [REDACTED]

25X1

1. As a result of the November 1987 HPSCI report on US Intelligence Support to Arms Control, LtGen Heinz has sent the attached memorandum and Terms of Reference to the DDCI informing him that the Intelligence Community will undertake a study which focuses specifically on US intelligence capabilities to monitor foreign nuclear tests. [REDACTED]

25X1

2. My office has been assigned the responsibility for coordinating preparation of this study. As you know from reviewing earlier drafts of the TOR, we need to form a steering group which I will chair. I request that you, or a designated member of your staff, participate as a member of this steering group. The initial meeting is scheduled for Thursday, 24 March from 1400 - 1600 hours [REDACTED]

3. I have also attached, in draft, a proposed division of responsibilities for the report. Please be prepared to comment on the proposed assignments at our initial meeting. [REDACTED]
